

DIGIT ALL

A NEW APPROACH TO DIGITAL EDUCATION AND INCLUSION

Our Vision

Promotion inclusion and social participation for all students through educational technologies and digital media.

Aims of the course

Main Goal:

- Empower teachers/educational agents to promote digital education and inclusion in inclusive classrooms.

Specific Goals:

- Reflect on the impact of the COVID-19 pandemic on education and student learning, especially for students who are socially and economically disadvantaged and those with special needs.
- Discuss the impact of digital technologies on promoting student learning and skills development.
- Develop digital skills to promote social participation and inclusion.

Methodology

- The course is organized in five PPT presentations
- Contents and links are available to support learning, reflection and transference to practice

Contents
